Dear Sirs,

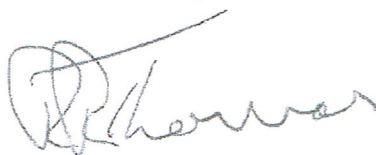

Subject: NEW LEMO UK HEADQUARTERS, NORTH ROAD, WORTHING
Our Ref: Design and Delivery Team Recommendation.

Lemo UK commissioned a full design team for the delivery of our new Headquarters building in North Street Worthing. The building was to accommodate manufacturing, offices and a research and development department for the UK operations.

The design team we appointed developed the original concept and then managed the complete construction process on site acting as our representatives during a Design and Build contract. Thanks to the hard work and commitment of our design team our project was extremely successful and was delivered on time and within budget.

We would highly recommend this team with confidence on any future projects.

Yours faithfully

R.R.Thomas
Managing Director
