Dear Sirs

Subject: NEW LEMO UK HEADQUARTERS, NORTH ROAD, WORTHING
Our Ref: Letter Of Recommendation

QED Structures worked with Muhlemann + Partners on the new Lemo UK Headquarters building in North Road, Worthing. QED Structures were appointed for the structural and civil engineering aspects of the projects and worked very closely with Muhlemann + Partners for the entire duration of the project from planning through to completion.

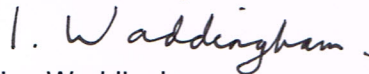

Muhlemann + Partners roles and responsibilities included:-

1. Project management with regards to costs and budget control.
2. Project management with regards to the main contract programme deadlines.
3. Architectural design including the space planning and functionality of the building.

This project was run professionally, efficiently, within time and budget constraints for the entire duration of the project. The roles and responsibilities that were undertaken by Muhlemann + Partners was pivotal to the success of this project. In addition to this, the close co-operation and co-ordination between myself and Mathias Muhlemann was also fundamental in the success of this project.

I would highly recommend Mathias Muhlemann and Muhlemann + Partners for future national and international projects.

Yours sincerely,

Ian Waddingham
Director
